PROFESSIONAL SUMMARY

Results-driven **Implementation Engineer** with core expertise in software application deployment, system configuration, API testing, and client technical support. Experienced in diagnosing server-side issues, debugging web technologies, analyzing integration logs, and coordinating end-to-end client onboarding to ensure high system stability and seamless performance.

WORK EXPERIENCE

Implementation Engineer | Virgio (Ameyam Enterprises Pvt. Ltd.)

Bengaluru, KA | Feb 2026 – Present

- Deploy and configure tailored software solutions according to enterprise client operational requirements.
- Perform comprehensive API testing, endpoint validation, and integration debugging utilizing **Postman**.
- Investigate application, server, and system logs to swiftly resolve production bugs and maintain uptime.
- Facilitate smooth client onboarding, end-to-end system testing, and technical deployment activities.
- Coordinate with laser machine suppliers for machine upgrades, technical integration, and field deployment.

Network Support Engineer | Jetking Infotech

Durg, CG | Jan 2025 – Feb 2026

- Delivered Tier-1 technical support for desktop environments, hardware setups, and network infrastructure.
- Diagnosed and resolved LAN/Wi-Fi connectivity, TCP/IP configurations, and desktop OS performance issues.
- Managed system installations, domain configurations, software provisioning, and basic network troubleshooting.

TECHNICAL PROJECTS

Check Point Firewall & Network Security Implementation

Virtual Lab Environment

- Engineered a virtual network security environment using **VMware Workstation** to simulate enterprise setups.
- Configured **Check Point SmartConsole** security policies, including management rules, stealth rules, and NAT.
- Implemented Anti-Spoofing and service-based access controls (HTTP, HTTPS, DNS) to prevent unauthorized traffic.

TECHNICAL SKILLS

Web & API Testing:	Postman, HTML5, CSS3, JavaScript (ES6+), Node.js, Express.js, REST APIs
Networking & Security:	TCP/IP, LAN/Wi-Fi, Check Point Firewall, Active Directory (AD DS), DNS, DHCP, NAT
Systems & Tools:	Windows Server 2019/10/11, VMware Workstation, Git, GitHub, AWS (Basics)

EDUCATION & CERTIFICATIONS

Diploma in Cloud Computing & Cyber Security — Jetking Learning Center, Durg	Jan 2025 – Jun 2026
B.Tech in Computer Science & Engineering — Kalinga University, Raipur	CGPA: 7.39 2021 – 2025
Senior Secondary (Class XII) — B.D. Public School, Patna	72% 2019 – 2021
